About Bread for the World

Bread for the World is a collective Christian voice urging our nation's decision makers to end hunger at home and abroad. By changing policies, programs, and conditions that allow hunger and poverty to persist, we provide help and opportunity at home and far beyond where we live. We can end hunger in our time. But churches and charities can't do it all. Our government must also do its part. With the stroke of a pen, policies are made that redirect millions of dollars and affect millions of lives. By making our voices heard in Congress, we make our nation's laws fairer and more compassionate. We leverage big changes for people in our country and around the world who struggle with hunger.
